

BODY OVER NIAGARA, GIRL'S HAT FOUND

Papers Indicate Suicide May
Have Been Miss Orr of
Cleveland.

NIAGARA FALLS, N. Y., Sept. 10.—A woman's hat and a black leather purse were found on a bench on the State reservation following a report made to the reservation police that a body had been seen to pass over the brink of the

American Falls at 6 o'clock last night. The purse and hat, according to inscriptions written on a memorandum inside, were the property of Miss Beatrice Orr of Cleveland, Ohio. The authorities are not certain whether there is any connection between the finding of the hat and purse and the passing of the body over the falls. This will not be determined until the body is recovered or Miss Orr located. In addition to the memorandum, the purse contained an order of deportation from Canada, showing that Miss Orr had been deported from Atholstan, Quebec, because she did not have the necessary cash deposit required of all persons entering the Dominion. O. E. Sharp of Cleveland and his brother, W. W. Sharp of Kansas City, Mo., are authority for the statement that a body passed over the falls. They told

reservation officials that while they stood at Prospect Point at 6 o'clock last night they saw a brown clothed body with one bare arm extended upward pass over the falls. They were unable to state whether it was the body of a woman or man. The body reappeared in the lower river soon afterward and boatmen set out from the Canadian shore to recover it. But they were unable to do so, and the body passed on down the river into the Whirlpool Rapids and was lost to view.
